

Events Calendar 2019 for Swakopmund 2019

As Namibia's most sought-after holiday destination, Swakopmund become the main tourist hub of the country and the capital for events. Swakopmund is no longer the sleepy village at the edge of the cold misty coastline, but is now becoming the business incentive travel and event capital of the Southern African region.

Event tourism plays a key role in building a more successful and attractive destination. Visitors to events can create a huge economic and tourism impact on the hosting destination. By hosting events, businesses can help to create new market segments in Swakopmund. By promoting Swakopmund for hosting large events, we create economic benefits, not only for the tourism industry but for the whole economy of Swakopmund.

Swakopmund Municipality has created an Annual Event Calendar for publication on Council's website and therefore invites businesses, community organizations and event hosting organizations to submit their annual, monthly or weekly events to Council's Marketing Officer, Ms Aili Gebhardt at agebhardt@swkmun.com.na or swkmun@swkmun.com.na to be placed on the portal.

Kindly send your adverts/ posters in jpg or png format. Should you wish to display your poster on the municipal notice board, please deliver a hard copy of the poster at the Municipal Head Office building (Access Controller). Thank you.
